COLOR. COMBINE. CREATE.

Design Work is Landmark's color-focused surface system: a special project that places color at the center, with a coordinated palette that connects Elite, Elite Color, Vision, Vision Color, and Soul collections. Shades range from balanced neutrals to bold accents, helping designers shape interiors with a clear visual logic within contemporary residential and commercial settings.

SOLUTIONS FOR CREATIVITY.

Design Work brings together coordinated shades, shapes, sizes, and surface looks in one color-led system. The palette supports balanced tone-on-tone mixes and clear contrasts across collections, while different shapes add graphic options for floors and walls. The result is a focused range that simplifies selection and ensures consistent pairings.

The Elite Shapes geometric language adds a geometric layer to Design Work. Modular pieces, derived from the 24"x24" format, enable creative and repeatable layouts. Combined with the Elite and Elite Color palette, they create rhythms, borders, and focal points that guide the interior design. The modules are available in Large and Small sizes and can be combined to create either subtle textures or more defined patterns, in line with the personality and style of any interior design project.

SUSTAINABILITY

- Recyclable
- Eco-friendly and safe
- Energy efficient
- Floor heat friendly
- Very long service life
- Cost saving over time

HEALTH

- Prevent bacteria growth
- Zero allergens
- Zero smoke development
- Zero formaldehyde
- VOC & PVC FREE (Zero pvc zero voc)
- PLASTIC FREE (Plastic free)

SAFETY/DURABILITY/EASY CARE

- Scratch and dent resistant
- Fade and uv resistant
- Resistant to acid
- Water proof
- Fire proof
- Resistant to frost
- Doesn't bend
- Stain resistance
- Easy to keep clean

CONFIDENCE IN EVERY STEP

SAFESTEP+

Safestep+ enhances slip resistance within the Design Work palette* through a soft matte finish. The DCOF ≥0.65 increases traction in any space with frequent use. Surfaces maintain a low sheen, feel comfortable underfoot, and are easy to clean. This solution delivers greater confidence while preserving the project's intended aesthetic.

* The Safestep+ surface comes standard only for the Vision, Vision Color, Elite, Elite Color collections

VERSATILITY**

Color continuity across floors and walls is central in Design Work. Coordinated formats and finishes ensure smooth transitions across spaces. Walls may extend floor tones or add controlled accents with mosaics and shapes. This flexibility supports total look projects and reinforces a coherent material identity across rooms.
