

WallPlay

The new facade language
for contemporary architecture

 **LANDMARK**
CERAMICS

A new **landmark** in the ceramic industry

Landmark ceramics is an American company, based in Tennessee that has set out to research, manufacture and sell top quality porcelain ceramics in North America, taking advantage of the proven experience of the Gruppo Concorde, an international leader in the sector. Technological innovation, market presence, attention to detail, the welfare of people and the environment, efficient service and a thorough product range make Landmark a new benchmark in the North American market for those who are looking for a reliable partner for any building and architecture project using US made top quality porcelain tiles.

Versatile & polyhedral

WallPlay is a versatile and polyhedral project that offers **infinite creative design solutions** for outdoor facades, both in urban architectures as well as in more traditional contexts. Enjoy the **freedom to choose** one or more textures and colors from the wide range available, and to combine them in one of the countless modular patterns, to create stunning building facade designs, full of character and personality.

Count on **endless modular patterns**

Enjoy a **wide color range**

Modular & creative

8"x8" Modular

All WallPlay products are **designed and made to be easily framed and installed on 8"x8" modular facade designs**, meeting therefore one of the most popular standards used in North America.

Calibrated, rectified, same thickness

All WallPlay porcelain products are **calibrated** (difference in size from piece to piece is minimal, down to a less than 1/16"-1/32" range), **rectified** (straightened and clean edges) and have **same thickness**, to ensure precision and constancy during installation.

Modular among different sizes

With WallPlay, **modularity among surfaces** supports architects and designers, enhancing their creativity through the possibility of **combining different sizes**, without any issue or surprise during installation, in order to design infinite patterns and easily **characterize any type of facade**.

Highest performances in every condition

All WallPlay products are **strong and durable**, frost, fire, scratch, acid and chemical proof; they are UV resistant, do not fade and are stain resistant, **easy to clean and maintain**.

Last but not least, they are **eco-friendly**, plastic, formaldehyde, PVC and VOC free, energy efficient and healthy, since they do not develop smoke even if exposed to fire and are inhospitable to bacteria, dust mites, fungi, mold and other irritants.

A unique and extraordinary material, able to match also the most demanding expectations and to **keep its beauty over time**.

Innovative look, traditional installation

While WallPlay is an innovative and revolutionary project in terms of technical and aesthetical features, when it comes to the installation, it is very easy to manage. In fact, WallPlay can be installed by **easily following the best practices of the masonry industry**, just paying attention to slightly adapt them to match the characteristics of porcelain material.

Color themes & palette

WallPlay products are divided into four chromatic ranges of natural tones: **Light**, **Warm**, **Cold** and **Dark**. In addition to that, the color palette is completed with a set of **Color accents** that start from evergreen total white and total black, but also includes more contemporary options such as green, blue and red. All these last three colorations are declined in two color nuances, to be used stand-alone or in combination, to create color vibration all over the facade.

Sizes & patterns

WallPlay includes 12 colors, each available in 17 sizes; all can be combined and framed in 14 patterns, all modular with an 8"x8" based facade design. The 14 modular patterns are divided into two categories: **traditional**, which gathers layouts similar to the most common ones used in the masonry industry; **creative**, for more contemporary applications, where innovative sizes and combinations among them are proposed.

Vibrations

After choosing the desired pattern, **combining tiles of different sizes**, you can rely on a wide range of colors to **customize your project**. All the shades coming from the four families of natural tones can be combined in a **mixed pattern**, used tone-on-tone over a **monochromatic** surface or **juxtaposed** with one of the six Color accents to give life to countless design combinations and create an exclusive vibration on the facade of the building.

Grouts

Adding grout is essential. It makes the facade extremely original without sacrificing qualities such as strength and safety.

With WallPlay, for each color combination, you can **pick one of the suggested grouts** among the five different types, from the light Alabaster to the darker Black. To select the most indicative grout shade, you could opt for a color matching the coating, or a contrasting tone that emphasizes the lines between every tile and creates a more intense look.

COLORED BODY PORCELAIN - Rectified Monocaliber

PHYSICAL PROPERTIES	TEST ASTM	NORTH AMERICAN STANDARD A137.1*	PORCELAIN BRICKS
 Water absorption *	C373	≤ 0.5%	COMPLY WITH ANSI A137.1
 Resistance to freeze/thaw cycling *	C1026	As reported	RESISTANT
 Resistance to thermal shock	C484	As reported	RESISTANT
 Warpage (edge)	C485	Warpage ± 0.4% or ± 0.05 in	COMPLY WITH ANSI A137.1
 Warpage (diagonal)	C485	Warpage ± 0.4% or ± 0.07 in	COMPLY WITH ANSI A137.1
 Wedging	C502	± 0.25% or ± 0.03 in	COMPLY WITH ANSI A137.1
 Chemical resistance	C650	As reported	UNAFFECTED
 Resistance to stain	C1378	As reported	UNAFFECTED
 Thickness	C499	Range: 0.04 in	COMPLY WITH ANSI A137.1
 Breaking strength	C648	250 lbf or greater	COMPLY WITH ANSI A137.1

* Average values referred to our production and related to the matt finish of the product.

** As far as values relating to the matt finish of the product and to tests carried out by certified external laboratories whose results are available upon request at Headoffice, we are willing to check the lot you are interested in purchasing.

- Make sure you are using tiles of the same caliber.
- Test results are available on request.
- The information provided can be subject to change.
